

Draw a Garden

Supplies:

- printer or construction paper
- crayons, colored pencils, or markers

Instructions:

The Garden of Eden was the most beautiful garden. If you lived in a garden, what would it look like? Take a moment and visualize what your “Eden” would look like and draw your garden.

Think about these things:

What animals live in your garden?

What types of plants would there be?

Is there a body of water? (Pond, river, streams, lake, etc)

Who lives with you in the garden?

What is the name of your garden?
