

Shooting Star - Name Craft

Script: God gave Abram a new name to remind him of His promise. His new name was Abraham. God promised to bless the whole world through Abrahams and that his family was going to have more people than all of the stars in the sky. We are a part of Abrahams family too. When you were born, your parents gave you a really special name. Make this shooting star with your name and character traits to sho how special and unique that you are!

Supplies:

- yellow construction paper - or regular paper to be colored
- white paper cut into strips
- crayons, markers, or colored pencils
- printout of the star template- or make your own
- tape or glue

Instructions:

- Write your name in the center of the star
- On each strip of paper, write one of the letters from your name and a character trait that describes you!

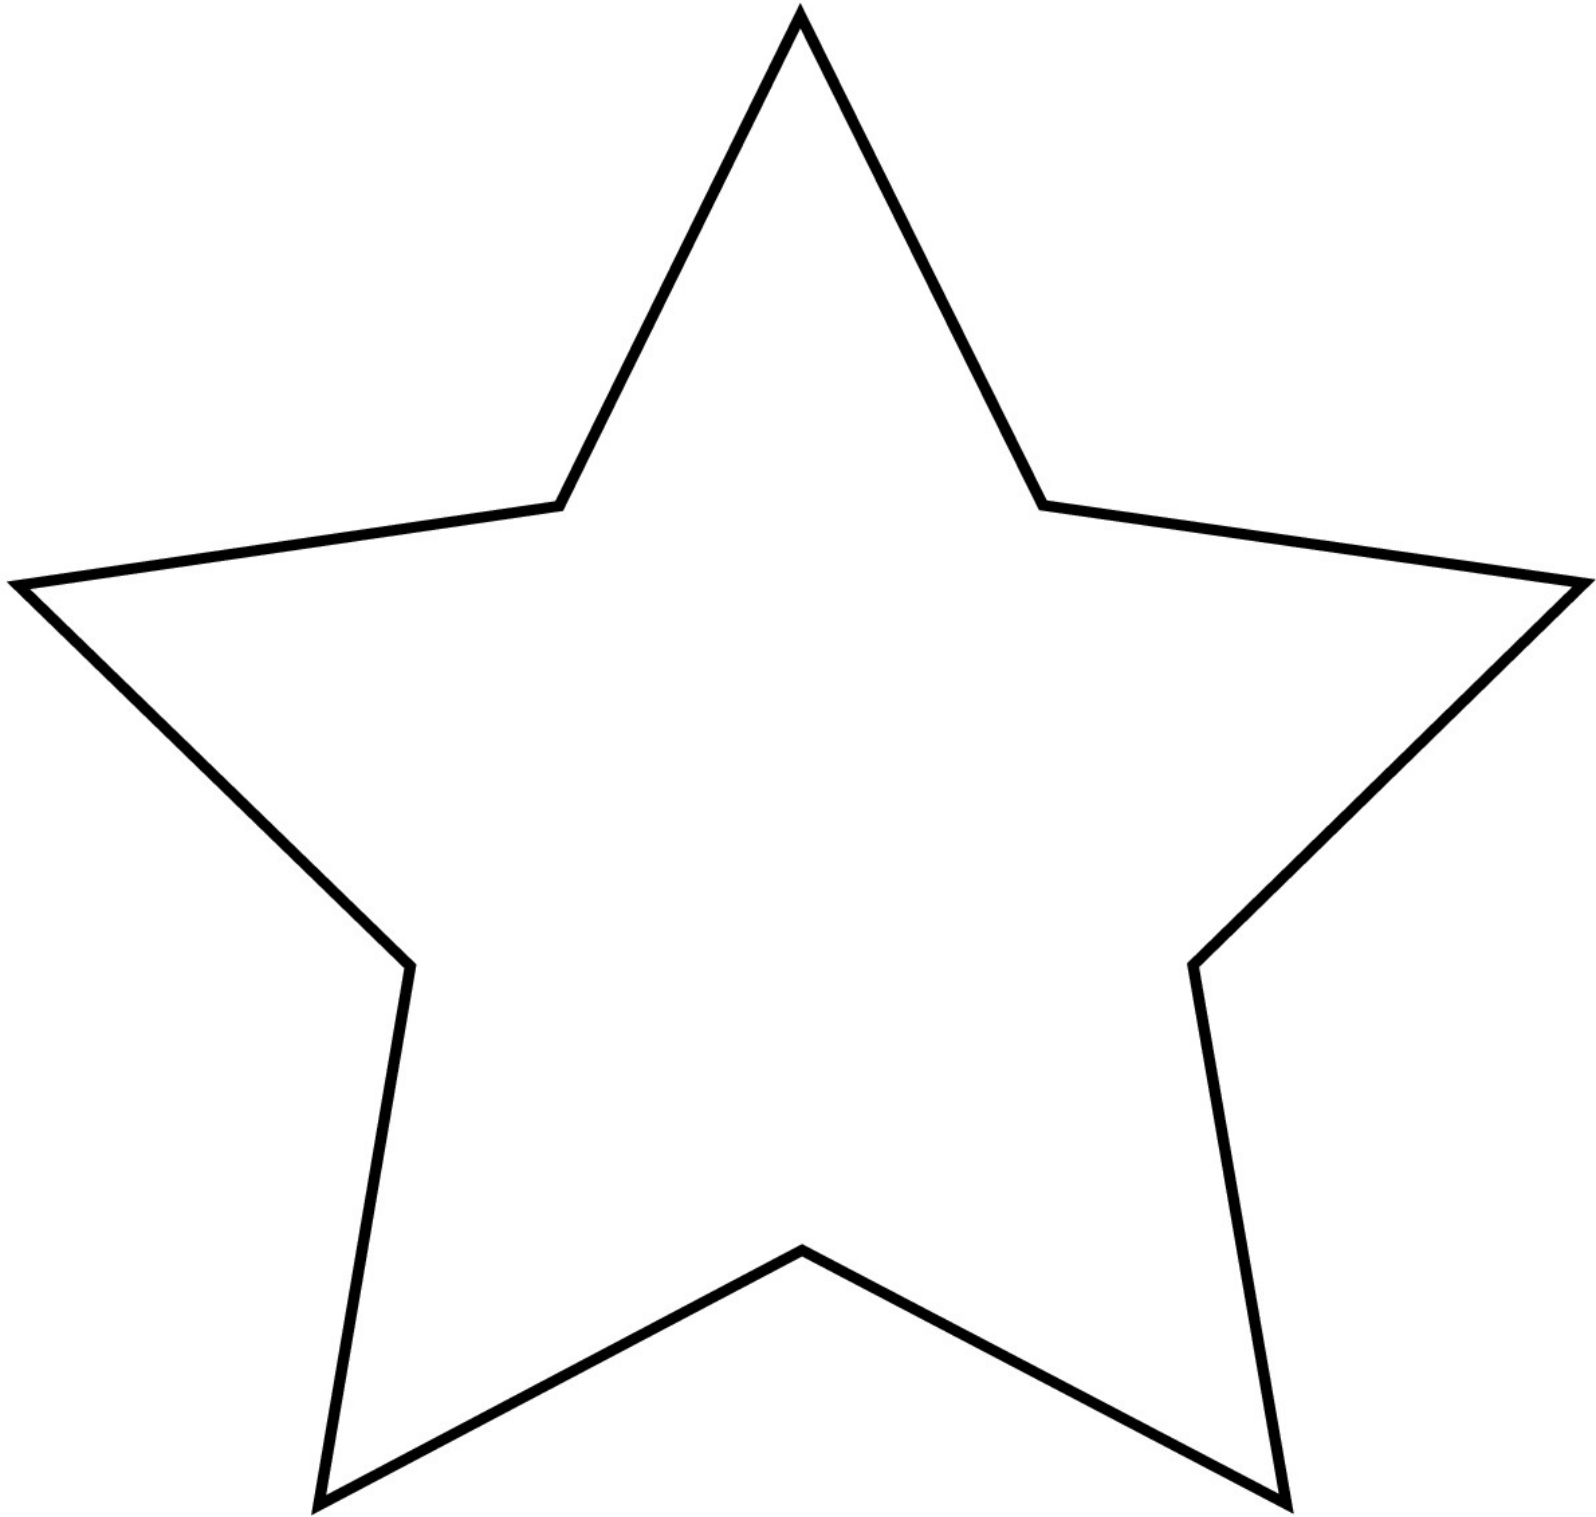

Example: John - Joyful, Optimistic, Honest, Nice

- tape all of your character traits in order on one side of the star to make it look like a shooting star.
